

## About our Services

### **If I don't want to buy a server with you and I just want you to install Acelle/Interspire/MailWizz on my server, is this possible?**

Yes, this is totally possible. It is one of our service. It is the Installation service. So yes, we can install Acelle Mail 4.0, Interspire 6.2.1 or MailWizz 1.9.31 on your server. We offer a multiple optional services like configure your IPS, RDNS, DMARC, DKIM, SPF. And even if you want we can warm up your IPs. Those are optional services.
